Dear Bud:

Just a short note to let you know that I received your picture which I value highly and the inscription even more so.

The weather has turned spring-like, and we are basking in 65° - 70° temperatures--almost like California. Your family photograph (five copies) should have reached you by this time. Unless I hear otherwise, I'll assume the package arrived safely.

Hope you'll be coming to Washington soon again with at least some free time available to say "hello." Our very best wishes to you and Nancy.
